TRADITIONS

Three old women come from the mountains.

They come with a basket full of chestnuts.

And children prepare quince alioli for them.

TRADITIONS

Every year from the forest comes a creature which is called...

“El tío de Nadal”

After this period, children sing a special song to make the “tío” give them candies and sweets.

Kids feed the creature, during a month.

TRADITIONS

Every year, the different parishes organize a popular meal, people eat "escudella", that is a typical food of Andorra and Catalan countries.

"L'escudella" is a broth, with potatoes, pasta, meat balls, sausage and chickpeas. Normally we eat this plate for Sant Antoni and Sant Esteve

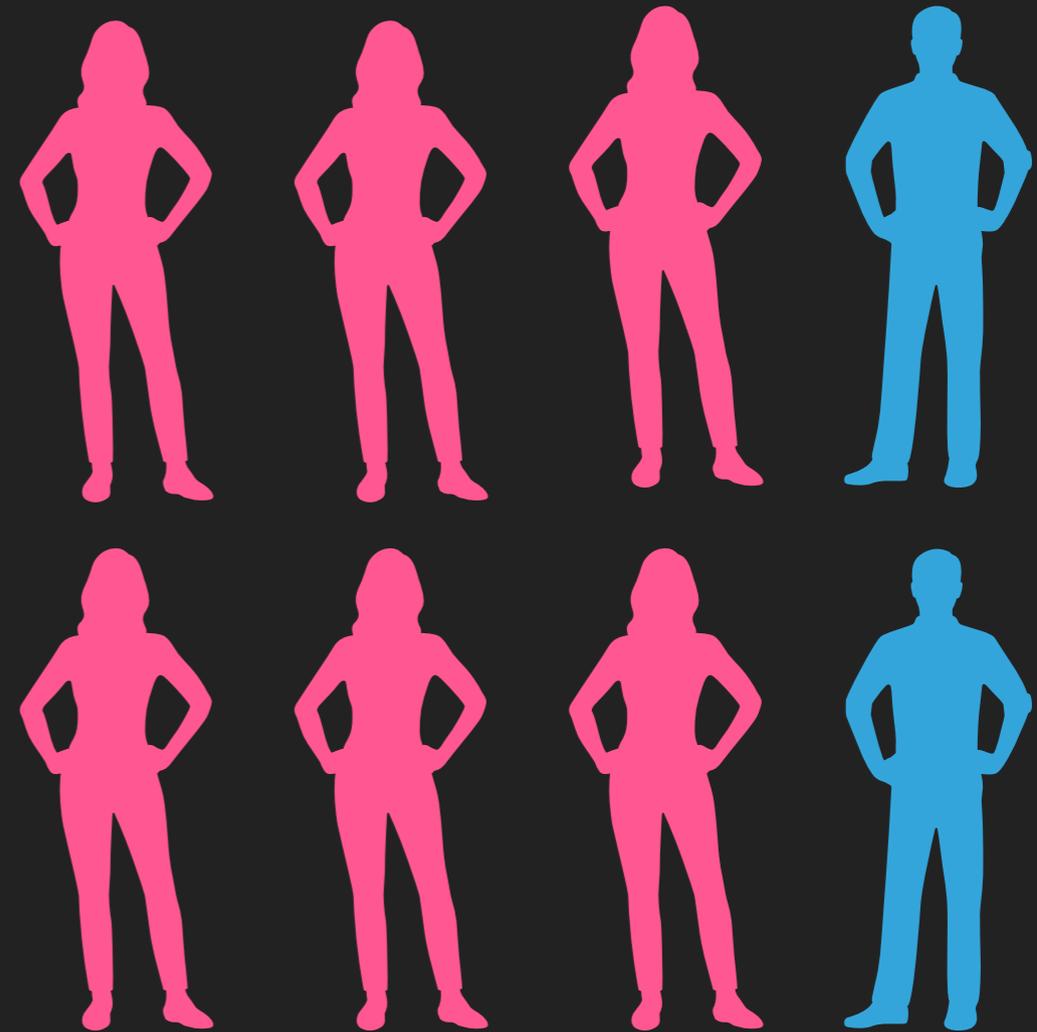

People do this plate in giant pots, and volunteers come to cook for all the village .

TRADITIONS

“La Marratxa” is a traditional dance from Sant Julià de Lòria. This popular Andorran dance symbolizes the co-princes of Andorra and the original six parishes of the country.

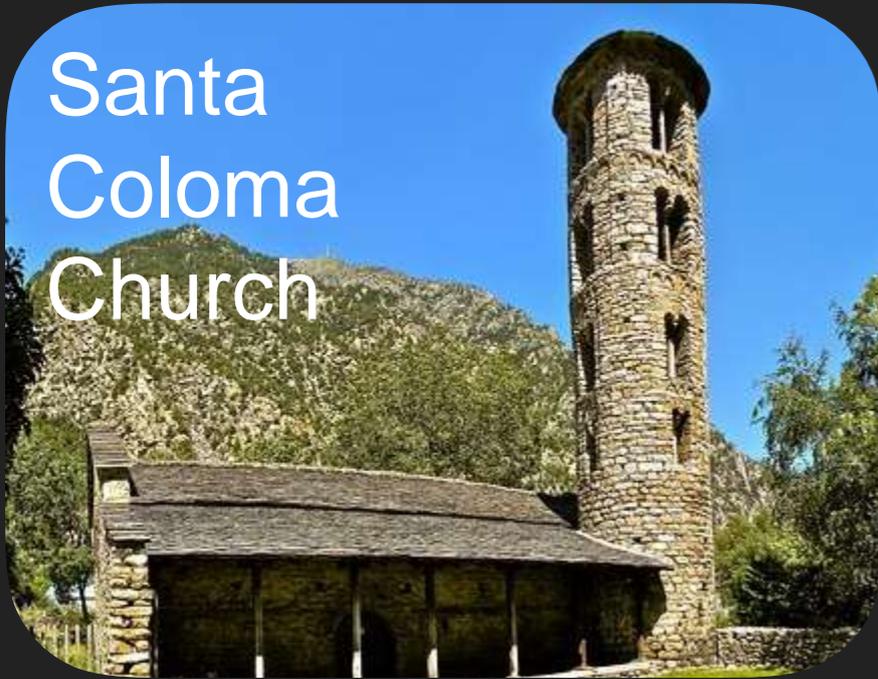

Also, the traditional dance groups of the valleys are called “Esbarts” and they are linked to folklore traditions, keeping alive the traditional clothing, dances and legends of the country.
